Our U6 program will be an introductory soccer program. Players will learn the parts of the foot and engage in basic activities and drills to get comfortable maintaining control of the soccer ball with their feet. Parents are encouraged to participate with their children.

We also request parents plan to stay at the school during our session. Space is VERY limited in the gym and there will not be enough space for every parent to watch every minute in the gym. The lobby area outside the gym is available and we are comfortable with parents/guardians waiting in their vehicle as long as they have a reliable cell phone number on file in case of emergency.

Are you aware we have a Facebook page? We keep all of our latest news and events posted there.

If you have any questions, please contact Alex Jess at (518) 593-1409 or alexander.jess@gmail.com

Please make checks payable to "Peru United Soccer Club."

If we have to cancel due to poor weather, we do not guarantee a make-up day. If a session must be cancelled due to weather, it will be on our Facebook page, a bulk e-mail will be sent, and a bulk text message will be sent out.
